The amendments focus on Annex II; here is the summary:

修订主要针对附录 II，要点如下：

- In Part III, 2-(4-tert-butylbenzyl) propionaldehyde (CAS No: 80-54-6) is newly added to the table of the allergenic fragrances that toys shall not contain (point 11).

2. U.S. Minnesota State - Passed Bill SF 4612 to Amend PFAS Reporting Scope in Consumer Products

美国明尼苏达州 - 通过 SF 4612 法案修订消费品中 PFAS 的申报范围

On May 26, 2026, U.S. Minnesota State Governor signed bill SF 4612 into law to amend Minnesota Statutes, section 116.943, concerning PFAS requirements in consumer products.

2026 年 5 月 26 日，美国明尼苏达州州长签署 SF 4612 法案，修订明尼苏达州法规第 116.943 章节中有关消费品中 PFAS 的要求。

The Section 4 to Article 14 of SF 4612 specifies that the PFAS reporting requirements apply only to products manufactured after July 1, 2023. So, products made before July 1, 2023 are exempt from reporting requirements and products made after July 1, 2023 must be reported. This exemption date applies to the manufacture date of the final product and not individual components within the product.

SF4612 法案第 14 条第 4 节明确规定，PFAS 申报要求仅适用于 2023 年 7 月 1 日之后生产的产品。因此，2023 年 7 月 1 日之前生产的产品无需申报，而 2023 年 7 月 1 日之后生产的产品必须进行申报。该豁免日期适用于最终产品的生产日期，而非产品中的单个组件的生产日期。

The initial PFAS reporting is still due on September 15, 2026.

美国明尼苏达州消费品中 PFAS 申报到期日期仍然为 2026 年 9 月 15 日。

3. EU ECHA - Seeks Information on Approximately 700 Packaging-Related Substances

欧洲化学品管理局(ECHA) - 就包装中约 700 项物质征集信息

According to the EU PPWR Regulation (EU) 2025/40, packaging placed on the EU market shall be so manufactured that the presence and concentration of substances of concern (SoC) as constituents of the packaging material or of any of the packaging components is minimised, including with regard to their presence in emissions and any outcomes of waste management, such as secondary raw materials, ashes or other material for final disposal. By 31 December 2026, the European Commission, assisted by the European Chemicals Agency,

shall prepare a report on the presence of substances of concern in packaging and packaging components.

根据欧盟 PPWR 法规(EU) 2025/40, 制造投放到欧盟市场的包装时, 须尽可能地防止关注物质(SoC)存在于包装材料和部件, 并减少其浓度, 包括防止关注物质(SoC)存在于排放物及废弃物 (如二次原料、灰烬或其他最终废弃物料。在 2026 年 12 月 31 日前, 欧盟委员会应在欧洲化学品管理局(ECHA)的协助下, 准备一份有关包装及包装部件中关注物质(SoC)存在情况的报告。

The substances will be restricted in the EU PPWR Regulation (EU) 2025/40, if they are relevant for recycling, via the Design for Recycling (DfR) criteria, or via the update of the EU REACH Regulation (EC) No 1907/2006 for substances that affect human health or the environment.

若一项关注物质(SoC)与回收有关, 则可能通过欧盟 PPWR 法规(EU) 2025/40 中的“为回收而设计”(DfR)标准进行限制。若该关注物质(SoC)会影响人类健康或环境, 则可能通过欧盟 REACH 法规(EC) No 1907/2006 进行限制。

On 16 July 2026, ECHA's PPWR team proposed a draft list containing 731 substances and invited feedback on the substance information from the industry. In particular:

2026 年 7 月 16 日, ECHA 的 PPWR 团队提议了一份包含 731 项物质的初稿清单, 并邀请公众提供有关物质信息的反馈。具体包括:

4. The safety requirements of lithium-ion batteries shall comply with KC 62133-2, Ni-Cd and Ni-MH batteries shall comply with K 10024.

Newly created the test for protection against water infiltration (IP code) in standard, and the protection shall comply with KS C IEC 60529 标准中新增加了防水保护测试（IP 代码），相关防水测试应符合标准 KS C IEC 60529 的要求。

6. Ireland- Revokes Domestic Furniture Fire-Safety Order

爱尔兰- 撤销家庭家具消防安全令

Ireland has revoked its long-standing domestic furniture fire-safety order and aligned with the EU General Product Safety Regulation. Mandatory Irish fire labels and I.S. 419 references are no longer required, though producers must still assess fire risks and maintain appropriate safety evidence and traceability.

爱尔兰已撤销其长期实施的国内家具防火安全令，并与欧盟通用产品安全法规保持一致。不再要求强制性爱尔兰火灾风险标签和 I.S. 419 的引用，但生产商仍需评估火灾风险，并保存适当的安全证据和可追溯文件。

What exactly has been revoked?

具体有哪些内容被撤销了？

S.I. No. 357 of 2026 revoked the Industrial Research and Standards (Fire Safety) (Domestic Furniture) Order 1995 (S.I. No. 316/1995). The change took effect in July 2026.

2026 年第 357 号 S.I.法规撤销了 1995 工业研究与标准（消防安全）（家用家具）法令(S.I. No. 316/1995)。该法规要求变更于 2026 年 7 月生效。

What legal framework applies now?

家具产品现在适用什么法规？

Consumer furniture placed on the Irish market is subject to Regulation (EU) 2023/988 on General Product Safety (GPSR), together with any other applicable EU or Irish product-specific legislation.

投放到爱尔兰市场的消费家具须遵守欧盟通用产品安全法规(EU) 2023/988 (GPSR)，以及其他适用的欧盟或爱尔兰产品特定法规。

Is I.S. 419:2011 still mandatory?

I.S. 419：2011 仍然是强制性规定吗？

The revocation removes the statutory requirement to comply with I.S. 419:2011 through the 1995 Order. The standard may still be used voluntarily or required contractually, but it should no longer be presented as a mandatory national market-access requirement.

2026 年 S.I. No. 357 法规撤销取消了遵守 I.S. 419：2011 的法定要求。

但 I.S. 419：2011 仍可自愿使用或合同要求，不应再作为强制性国家市场准入要求。

Does this mean flammability testing is no longer needed?

这是否意味着不再需要进行易燃性测试？

Not necessarily. The GPSR does not prescribe one universal furniture fire test, but the producer must assess foreseeable fire risks and retain supporting technical evidence. Depending on the product, standards such as EN 1021-1/-2 for upholstered seating or EN 597-1/-2 for mattresses may support the safety assessment.

不一定。GPSR 并未规定统一的家具火灾测试，但生产商必须评估可预见的火灾风险并保留相关的技术证据。根据产品不同，如软垫座椅的 EN 1021-1/-2 或床垫的 EN 597-1/-2 等标准，可用于支持安全评估。

With the revocation of the Irish Furniture Fire Regulations, do furniture products still require the Irish fire safety label?

随着爱尔兰家具防火条例的撤销，家具产品是否仍需附有爱尔兰消防安全标签？

No. Following the revocation of the Industrial Research and Standards (Fire Safety) (Domestic Furniture) Order 1995 in July 2026, the Irish-specific fire safety labelling requirements are no longer mandatory. This means that the permanent and display labels previously used to demonstrate compliance with the Irish Furniture Fire Regulations (I.S. 419 and S.I. 316/1995) are no longer required for furniture placed on the Irish market.

不。随着 2026 年 7 月对于 1995 《工业研究与标准（消防安全）（家庭家具）令》的撤销，爱尔兰特有的消防安全标签要求不再是强制性的。这意味着，之前用于证明符合爱尔兰家具消防条例（I.S. 419 和 S.I. 316/1995）的永久性展示标签，不再需要用于投放爱尔兰市场的家具。

However, this does not mean that furniture can be supplied without any product labelling. Furniture sold in Ireland must still comply with

the EU General Product Safety Regulation (GPSR), which requires manufacturers, importers and distributors to provide appropriate product identification, traceability information and safety-related information where necessary.

但这并不意味着家具可以在没有任何产品标签的情况下供应。在爱尔兰销售的家具仍须遵守欧盟《通用产品安全法规》(GPSR)，该法规要求制造商、进口商和分销商在必要时提供适当的产品识别、可追溯性信息及安全相关信息。

Does the change also apply to Northern Ireland?

这一变化是否也适用于北爱尔兰？

No. It applies only to the Republic of Ireland. Furniture supplied in Northern Ireland remains subject to the UK's Furniture and Furnishings (Fire) (Safety) Regulations 1988, as amended, alongside the product-safety framework applicable there.

不。该规定仅适用于爱尔兰共和国。北爱尔兰供应的家具仍受英国 1988 家具与家具（防火）（安全）法规及其修订版及相关产品安全框架的约束。

What happens to furniture already on the Irish market?

已投放爱尔兰市场的家具应如何应对？

The Irish Government has confirmed that lawfully supplied existing products do not need to be withdrawn. They may continue to be sold provided they comply with the GPSR and all other applicable legal requirements.

爱尔兰政府已确认，合法供应的现有产品无需撤回。只要符合 GPSR 及所有其他适用法律要求，即可继续销售。

What should businesses do now?

企业现在应该做些什么？

Update Irish market-access specifications and legal references; complete or refresh the product risk assessment; select proportionate flammability evidence; retain technical and traceability records; and review labels, online listings and supplier declarations so they do not imply that the revoked Order remains mandatory.

更新爱尔兰市场准入规范和法律参考; 完成或更新产品风险评估; 选择相应的燃烧性证据; 保留技术和可追溯性记录; 并审查标签、网上销售平台信息和供应商声明, 以免暗示被撤销的法令仍为强制性要求。
